

List of antihistamines

- acrivastine (Semprex, Semprex D)
- Actifed (triprolidine)
- Alavert (loratadine)
- Allerclear (loratadine)
- Aller-chlor (chlorpheniramine)
- Allegra, Allegra D (fexofenadine)
- Clemastine (Tavist)
- Atarax (hydroxyzine)
- azatadine (Optimine, Trinalin)
- Benadryl, Benadryl D (diphenhydramine)
- Bromfed (brompheniramine)
- Brompheniramine (Bromfed, Bromfed D, Dimetapp)
- carbinoxamine (Rondex)
- cetirizine (Zyrtec, Zyrtec D, Allertec, Allertec D)
- chlorpheniramine (Chlortrimeton)
- Chlortrimeton (chlorpheniramine)
- clemastine (Tavist)
- Claritin, Claritin D (loratadine)
- Clarinex, Clarinex D (desloratadine)
- clemastine (Tavist, Tavist D)
- cyproheptadine (Periactin)
- Deconamine (chlorpheniramine)
- doxepin (Sinequan, Silenor)
- desloratidine (Clarinex)
- dimenhydrinate (Dramamine)
- Dimetapp (brompheniramine)
- diphenhydramine (Benadryl, Benadryl D)
- diphenylpyraline (Hispril)
- doxylamine (Bendectin, Nyquil)
- Dramamine (dimenhydrinate)
- Drixoral (dextbrompheniramine)
- fexofendadine (Allegra, Allegra D, Fexotec)
- Fexotec (fexofenadine)
- hydroxyzine (Atarax, Vistaril)
- Kronofed, Kronofed-A (chlorpheniramine)
- levocetirizine (Xyzal, Xyzal D)
- loratadine (Claritin, Claritin D, Allerclear, Allerclear D, Alavert, Alavert D)
- meclizine (Antivert)
- methdilazine (Tacaryl)
- Naldecon (chlorpheniramine)
- Novafed, Novafed-A (chlorpheniramine)
- Ornade (chlorpheniramine)
- PBZ (tripelenamine)
- Phenergan (Promethazine)
- phenindamine (Nolamine, Nolahist)
- Pheniramine (Polyhistine D)
- Poly-Histine, Poly Histine-D (pheniramine, phenyltoloxamine, pyrilamine)
- promethazine (Phenegan)
- pyrilamine (Kronohist, Rynatan)
- Rondex (carbinoxamine)
- Rynatan (chlorpheniramine)
- Semprex, Semprex D (acrivastine)
- Silenor (doxepin)
- Sinequan (doxepin)
- Tavist, Tavist D (clemastine)
- trimeprazine (Temaril)
- Trinalin (azatadine)
- tripelenamine (PBZ)
- triprolidine (Actifed)
- Xyzal, Xyzal D (levocetirizine)
- Zyrtec, Zyrtec D (cetirizine)
- Many other-counter cold and allergy remedy medicines, particularly any medication that warns about sleepiness (since antihistamines can cause sedation)
- OTC sleeping aids (e.g. Somnolex, Tylenol PM, Unisom)
